Above: Shooting selfies with Jitka and Petra on Carmel Beach on Friday morning, before our big World Superbike Calendar shoot on Pit Lane at Laguna Seca that evening.

Right: Later that day on Pit Lane, Ten Kate Pata Honda Rider Jonathan Rea happily steps in for a few pictures with the Kittens. For the 2015 World Superbike season Jonathan would make the switch to Team Kawasaki along side World Championship Tom Sykes, and it would be Jonathan who would dominate the Championship with multiple double race wins per meeting, virtually clinching the Championship just half way through the year.

One of our Best Calendar Years Ever!

Every year I have one goal for the FastDates.com Calendars, and that is to make them the best ever when it comes finding the world's top custom and race bikes, shooting locations, production values in the layout design and photography, and the beautiful models. Economic conditions and the downturn in the custom bike market has reduced our options for shooting Iron & Lace Custom Bike around the country at interesting remote locations.

But thankful shooting the Fast Dates World Superbike Calendar does afford us the opportunity to travel to an exciting world class race track location like Mazda Raceway Laguna Seca to photograph all the top factory race bikes in SBK World and AMA Superbike Championship. And making it even better was the opportunity this past year 2104, to fly in from the Czech Republic to California, my two favorite SBK umbrella girls Jitunka Pralinka and Petra Ruzinka to spend two weeks with me at my home studio in Los Angeles, and a the USA World Superbike round, to shoot all three editions of the new 2016 FastDates.com Calendars.To say we had the best time ever working together, became the best of friends, and got you guys some pretty incredible Calendar photos and stories to enjoy, is almost an understatement. Enjoy one of the BEST FastDates.com Calendar years ever! And thanks to our loyal Calendar fans like you for your support!

*- **Jim Gianatsis**, Editor, Photographer, Producer*
FastDates.com Calendars, Website & LA Calendar Motorcycle Show

Superbike Kittens **Jitka** and **Petra**

This year's 2016 FastDates.com Calendars are both dedicated to and feature the two beautiful 6-foot 2-inch tall models Jitunka Pralinka and Petra Ruzinka from the Czech Republic. I first saw them together some 4 years earlier on the SBK World Superbike Television broadcasts of the races, as the two strikingly beautiful tall blonds girls in SBK short mini skirt uniforms with platform boots, towering with their umbrellas at the front of the race starting grids. I had to know who they were and feature them in the Fast Dates Calendar, so I contacted my friends at SBK World Superbike to find out.

I then booked and the girls through their model agency Petra's Angeles in Prague, Czech Republic, which supplies the models for many of the SBK and MotoGP rounds throughout Europe. Then I asked Fast Dates Calendar collector pen pal and highly talented Italian Superbike photographer Massimo Oliana to photograph Jitka and Petra for the 2014 and 2015 Calendars with incredible results.

Needless to say, I was quite jealous of Max being able to shoot with these beautiful models, so for for this year's 2016 FastDates.com Calendars I though it would be incredible to bring them both to America for the month of July to shot with me at Laguna Seca World Superbike, the LA Calendar Motorcycle Show, and in my Los Angeles photo studio for all three editions of the 20166 FastDates.com Calendars - Fast Dates World Superbikes, Iron & Lace Custom Bikes, and the Garage Girls Calendars.

When we weren't on the road for World Superbike in Monterey,California, the girls stayed as guests at my home studio. On the off days when we weren't working, I got to show them the exciting sights of Los Angeles including Griffith Observatory and the Hollywood sign, the Los Angeles Zoo and Train Town, and Universal Studios. And on a couple of days when I was busy, I let them borrow my car car to go shopping and hang out at the beaches.

They both well incredible incredible people and we became the very best of friends and had an incredible time working and playing together. I now miss Jitka and Petra so much, and look forward to working and having fun with them again, either back her in the USA or in their own country of the beautiful Czech Republic.

Thanks girls, these beautiful 2016 FastDates.com Calendars are dedicated to you! - Jim Gianatsis

World Superbike - 25 Exciting Years!

Required Superbike Fan Reading, Library and Reference

This 240-page high quality coffee table book covers the exciting first 25 years of World Superbike, with a year by year race summary, and features on the riders and people who made the sport as great as it is. Written and photographed by Claudio and Fabrizio Porrozzi, with English translation by Julian Thomas. and published by Giorgio Nada Editore, Italy. Clink on the picture above and the link below to order online from Amazon.com.

Included in the book is this forward from Maurizio and Paolo Flammini, which we have taken the liberty to except here, as a tribute to them and their 25 years in the Championship with they made the best in the World!

"Finding ourselves today celebrating this achievement, makes us feel very close to those riders who take the checkered flag after a thrilling race fought out at the limit of their physical and mental prowess. Joy over having achieved this particular goal is immediately followed by thoughts of the next challenge. Dreams, speed, engine noise, passion, risks, hard work, competition, disappointment and joy, are elements that make up the heart and soul of our world and unite us all, whether we are organizers, engineers, riders, journalists, sponsors or fans.

And it is certainly thanks to the pathos and that co-existence of all these elements has created in our minds, that we have been able to find the motivation to transform a dream into a splendid reality. Today the World Superbike Championship is one of the greatest events in the international sporting calendar.

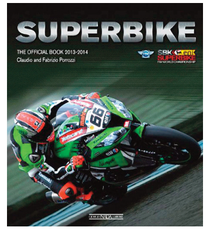

The scene of the battle for the best riders-- and most important motorcycle manufacturers, and exciting product for the National and International media and a thrilling sporting saga fro fans throughout the world, a young adult called the World Superbike Championship is today now fully grown up! Both of us have made this project raison d'etre in our lives and we have spent all of our best energies to ensure the Superbike World Championship can find a consolidated and successful space in the panorama of world sport.

We have however not traveled this path alone. Above all, we must mention our partner since the very beginning - the FIM - with whom we have shred every day of the life of our Championship.

Secondly, all of our collaborators, whose passion, professionalism, and dedication have made up and continue to make up a fine example that is recognized throughout the world and who together with us have worked hard, suffered and rejoiced in reaching our goals.

And since 2007, InFront Sports & Media, a world leader in the sports marketing spectrum who have provided our company and the World Superbike Championship with a further boost in development and professionalism.

But we must not forget either all the other protagonists in this splendid 'circus'. The riders, the manufacturers, the teams, the sponsors, the media, the circuit representatives, the fans. It is thanks to the joint efforts of everyone that in just a relatively short period of time, the Superbike World Championship has become a great show and an important business engine. But for all of us the challenge continues, there are many more checkered flags waiting to be conquered...."
- Paolo and Maurizio Flammini.

Superbike 2013/2014 The Official Year Book

England's Tom Sykes triumphed in the 2013 World Superbike Championship aboard the factory Kawasaki ZX10R. Closely following Sykes in the title bout were Aprilia's Eugene Laverty, Sylvain Guintoli and Marco Melandri. The 2013 season opened at Philip Island in Australia, and saw the return of World Superbike to America's Mazda Raceway Laguna Seca. This as the reference volume for the world of production-derived racers, the bikes that represented the beating heart of the motorcycle sport, combining fierce competition with high technology, while keeping close ties with road-going machinery.

The book describes the 2013 season, race by race, above all through the spectacular photos taken by Fabrizio Porrozzi and Massimo Oliana, complemented by the ever-pertinent texts of his brother Claudio. The book also features chapters devoted to the other categories (Supersport, Superstock 1000, Superstock 600) completing the packed World Championship programme.

Superbike 25 Exciting Years - The Official Book

The Superbike World Championship was inaugurated back in 1988, with high performance machinery normally destined for the road taking to the tracks for the first time to dispute a full championship season. American Fred Merkel riding a Honda won the first two editions in 1988 and 1989. This was followed by a Ducati triple with titles for Raymond Roche in 1990 and Doug Polen in 1991 and '92. In the following years Carl Fogarty, Troy Corser, Colin Edwards and Troy Bayliss came to the fore aboard equally well-known bikes In the same period we saw Pier Francesco Chili, perhaps the best-known Italian Superbike rider prior to Biaggi and Melandri. These 25 years are revisited for the first time in an official book that, season by season, reviews the technical, sporting and human stories of each championship through the words of Claudio Porrozzi and the spectacular images of brother Fabrizio, for years the official SBK World Championship photographer. Championship standings and statistics complete a book that is sure to be source of reference for all fans.

New Builder Image Vehicles International takes Best of Show with a radical Honda CBX 6-Cylinder Cafe Racer

2014 LA Calendar Motorcycle Show & Calendar Girl Music Festival

Malibu, CA, Sunday July 20th 2014 - The 2014 edition of the LA Calendar Motorcycle Show continued its now 23rd year tradition as the premier outdoor streetbike event in America with producer photographer Jim Gianatsis moving the Show this year to the beautiful green lawns of the Malibu Golf Course among the twisty canyon roads in the Santa Monica Mountains alongside the Pacific Ocean. Highlighting this year's exciting activities was the emergence of another new and soon to be renown custom bike builder to the sport for which the Calendar Show is known for cultivating.

Taking Best of Show in this year's in the Calendar Bike Building Championship was Calin Senciac's Imagine Vehicles International / ImagineVehicles.com motorsports fabrication shop with an incredible custom billet aluminum designed chassis built by Terry Ward and the shop crew, housing a legendary 1979 Honda CBX 1047cc air-cooled in-line 6-cylinder engine. Image Vehicles now joins other celebrity builders including Jesse James, Russell Mitchell, Jesse Rooke, Roland Sands, and Shinya Kimura among many who first premiered their bikes at the Calendar Show and went on to have their winning bikes featured in the FastDates.com Calendars to assure their place in history among the premier custom bike builders in the world.

Above: 2014 LA Calendar Best of Show winner Imagine Vehicles International with their crew and Calendar Kittens Petra and Jitka, singer songwriter Katie Cole.

Right: This year's Calendar Show supported the American Cancer Society with a portion of the ticket sales going to find a cure for cancer and support those affected by the deadly disease. Posing here with donations are Show producer Jim Gianatsis with Calendar Kitten Lindsay Hancock, builders Adrian and Ruth Packett of Canyon Motorcycles who also raised money for the cause with Lindsay posing for pictures on a custom Canyon Triumph with spectators for their donations, and our Czech Calendar Kittens Petra and Jitka.

A special treat this year were the personal appearances of SBK Fast Dates World Superbike Girls Jitka Pralinka and Petra Ruzickova from the Czech Republic. Just the weekend before they were featured at the SBK World Superbike USA round at Mazda Raceway Laguna Seca where they worked on the starting grid and victory podium as the official SBK umbrella girls for the race and World TV broadcast. During their first ever trip to America the two beautiful Czech super models also got to shoot with Jim Gianatsis at Laguna Seca with all the top factory race bikes for the next Fast Dates World Superbike Calendar, and the following week in Los Angeles with the top class winning bikes from the Calendar Show. Both Jitka and Petra are featured in the current 2014, and new 2015 FastDates.com Calendars which premiered at the Show. Fans had the chance to buy the new Calendars, have them personally autographed by the two Czech Calendar Kittens, and pose with them and their bike for pictures by Victory Jon of HighwayPhotos.net.

Right: Together with the Calendar Bike Building Championship & Concourse d' Elegance, this year's Show again featured top Celebrity Builders premiering their latest custom builds. Included were previous Show winners Jim Giuffra / AFT Metric Customs, Chris Redwing / MotoGPwerks, Richard Pollock / Mule Motorcycles, Ron Baldonado / Rock Bottom Customs, with a special appearances by Russell Mitchell / Exile (pictured at right with his family and the the Czech Kittens).

Above: Phillipe Danah from Frog Specialities displayed his great line of Beringer Brake and Hand Control products used my many of the top FastDates.com Calendar builders like AFT Customs.

Show attendees were also treated to great food from the Baby's Badass Burgers and The Grilled Cheese food trucks, Mike's Italian Ice. The Malibu Golf Course's own Malibu & Vine Restaurant offered a full beer, wine and soft drink bar. Plus there was ample seating on the grass field to enjoy the live music, and dining tables with umbrella shade. Riding or driving to the Show brought you on the beautiful motorcycle road of Mulholand Highway, and spectator bike and car parking was free. In all a great day of excitement for motorcycle fans for the low $20 admission.

Motorcycle Show Concours de Elegance • FastDates.com

"This year was one of my favorite LA Calendar Motorcycle Shows," said producer Jim Gianatsis. "We had a great venue with incredible bikes and celebrity builders, beautiful Calendar Kittens, great music, tasty food and beverages that everyone said they really enjoyed," "People kept coming up to me all day saying it was one of their favorite Calendar Shows ever, and that they looked forward to future Shows returning to The Malibu Golf Course. I look forward to making that happen. I'd also like to thank my Show assistants Lee Chapin, Craig Boone, Apple Price and Katrina Kazarez for helping make it all come together so smoothly again this year, and beautiful singer Katie for helping with sound mix for all the performers."

Right: The Calendar Bike Building Championship included the popular Pro Builder class with owner Jim Giuffra / AFT Metric Customs and his crew of female builders that including Natalie Jackson and Shelby Thompson taking their 7th consecutive win with a Honda CB 750 Cafe Racer.

Below: Sportbike class winner Richard Pollock / Mule Motorcycles, with his latest Harley XR1200 Streetmaster. Richard's LA Calendar Show winning bikes have been featured in the FastDates.com Calendars for nearly 20 years!

Imagine Vehicles International Best of Show

1979 Honda CBX1100 Cafe Racer

Taking Best of Show at the 2014 LA Calendar Motorcycle Show in the Calendar Bike Building Championship was a brand new custom bike builder to the motorcycle scene. Calin Senciac's Imagine Vehicles International / ImagineVehicles.com motorsports fabrication shop with an incredible custom billet aluminum designed cafe racer. The chassis was custom built by Terry Ward and the shop crew, housing a legendary 1979 Honda CBX 1047cc air-cooled in-line 6-cylinder engine.

They also received the annual AFT Visionary Award from Jim Giuffra, Shelby and Natalie from AFT Metric Customs for the most creative custom build at the Calendar Bike Show

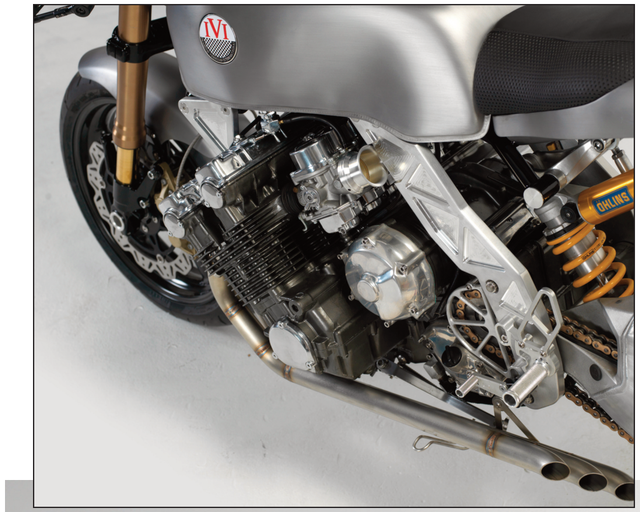

Image Vehicles now joins other celebrity builders including Jesse James, Russell Mitchell, Jesse Rooke, Roland Sands, and Shinya Kimura among many who first premiered their bikes at the Calendar Show and went on to have their winning bikes featured in the FastDates.com Calendars to assure their place in history among the premier custom bike builders in the world.

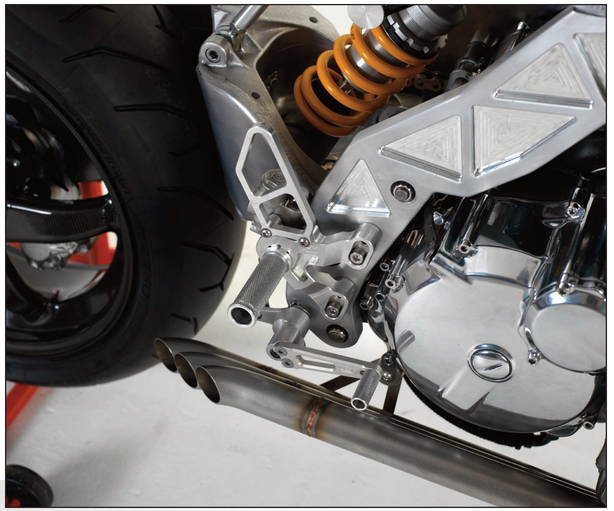

The engine is the legendary Honda CBX 6-cylinder 1047cc motor suspended in an original / prototype aluminum frame, and employing a Ducati 1199 Panigale single sided rear swingarm and hub with Brembo brake, Ohlins TTX rear shock. The front headlight body and instrument brackets are also custom billets, as are the foot controls. hand controls are Rizoma.

Wheels are beautiful super light weight Dymag Carbon Fibre with Michelin Pilot race tires. The front suspension is Kayaba front forks with Tokio 6-piston brakes and wave rotors.

Calendar Show Stoppers! Calendar Kitten Petra and the 2014 LA Calendar Motorcycle Best of Show winner from Calin Senciac's Imagine Vehicles International / ImagineVehicles.com motorsports fabrication shop. This billet aluminum designed chassis was built by Terry Ward and the shop crew, housing a legendary 1979 Honda CBX 1047cc air-cooled in-line 6-cylinder engine.

Inset photo: Following the Calendar Bike Show and our Calendar photo shoot, the IVI Honda CB was further finished with a full polishing of all the aluminum parts, a carbon fibre rear fender, and Black with Gold Trim paint.

Jacqueline Pabst

FastDates.com Calendar Kitten

We first noticed beautiful Jacqueline Pabst when she appeared in Playboy magazine in their annual college edition, featuring the Girls of the Pac10 West Coast Pacific Conference. Jacqueline's striking good looks scored her a full page picture in the opening page of the feature, despite the fact she wasn't even appearing nude. Her looks were so amazing, like actress Amber Heard. We noticed that our good buddy, Playboy photographer Josh Ryan had shot the pictorial, so we gave Josh a call to ask him to help us get in touch with this drop dead gorgeous beauty and booked her for a shot at our studio.

We came to learn that Jacqueline was a Marketing and Communications major at UCLA , and was doing modeling part time on the side.

Jacqueline's
Height: 5' 8"
Weight:120 lbs
Bust: 35C"
Waist: 33"
Hips: 35"
Dress: 2

Vitals:
Shoe: 7.5
Hair color: Black
Hair length: Long
Eye color: Blue
Ethnicity:Caucasian

When Jacqueline arrived at our studio for her FastDates.com Calendar shoot, no longer with the long blond hair she had in her Playboy magazine photo, but now with short black hair, and we were shocked. And if she still was wasn't so gorgeous with her perfect face and eyes, silky smooth skin and incredible body, we might have sent her back home.

Sometimes a really beautiful girl like Jacqueline, who is serous about a business career, and to stop being hit on by some many guys, will do just what Jacqueline did to tone down her looks and clothes so they won't be noticed as much.

I n our 2016 Iron & Lace Calendar photos with Jacqueline and two Ron Simms custom Harley, Jacqueline is featured with her Black hair. But for her Garage Girls pictures, our make-up artist Victoria Rubell just happed to have a blond wig with her, which we put on Jacqueline , and the results were just amazing.! You can see why we chose one of these pictures for the cover of the new 2015 Garage Girls Calendar.

Playboy, in Jacqueline's College Girl Pictorial, even hinted that Jacqueline might return in the future as a Playboy Playmate, but 18 month have gone by and it has yet to happen. At the time of our Calendar shoot she had told us she had not further interest in modeling, and has since stopped shooting as far as we know.

We've since learned that Jacqueline, after grading UCLA in Marketing Communications, has landed a job as a marketing intern at a major record label based in Los Angeles to kick off her new career. Congratulations!

UCLA
Jacqueline P.
(Left) "We crushed USC in football last year!" brags Jacqueline. Have you ever seen a more beautiful Bruin? Don't be surprised if you see more of her down the road.

UW
Hannah Marie
(Right) "I'm always up for a challenge, an adventure or something new," says Hannah from the University of Washington. How about posing for PLAYBOY?

USC
Chloe Fox
(Far right) This Trojan has the travel bug. She's headed to Europe and hopes to someday open a bed-and-breakfast.

BERKELEY
Alice Ohtsuki
(Bottom right) Alice plans to become a lighting designer. Until then, she's content in the arms of this lucky Golden Bear.

PHOTOGRAPH BY JOSH RYAN

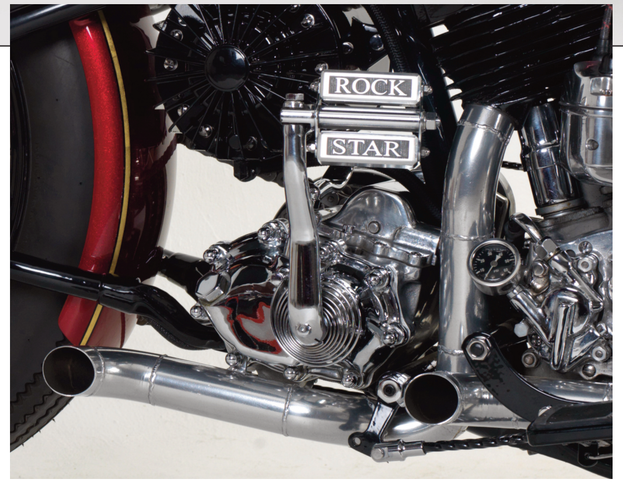

LA Calendar Motorcycle Show winner Saturday Night Special

build by Ron Baldonado • photography by Jim Gianatsis

You've probably never heard of custom bike builder Ron Baldonado, but after winning the Classic American Class at the 2014 LA Calendar Motorcycle Show for the send year in a row with another incredible original ground up retro custom, Ron can now go on record as one of the most orignal and creative custom bike builders in America, right alongside Iron & Lace Calendar builder icons like Arlen Ness, Russ Tom, Jessie Rooke and Todd Silicato.

Ron calls his antique bobber custom the “Saturday Nite Special” featuring a mash-up of a Harley Davidson 1937 ULH 80 cubic inch engine sitting in a 1932 VL frame. We call it pure beautiful. The classic Springer front end, and clean handlebars without messy cables and levers add to the mystique, with wooden hand grips adding to the retro theme.

Custom components include the hand made fuel tank, oil tank, air cleaner and chain guard, exhaust pipes, kick pedal, transmission shifter and linkage. The classic headlight and taillight are converted to modern carbite.

Should you want a Ron Baldonado Special of your very own, here’s where to go:

Ron Baldonado / Rock Bottom Motorcycle Company, Thousand Oaks, CA 91360

LA Calendar Motorcycle Show winner JSK Custom Design Sportster Superbike

build by Samuel Kao • photography by Jim Gianatsis for the FastDates.com Calendars

Samuel Kao is a brand new builder on the custom bike scene who make his debut at the 2014 LA Calendar Motorcycle Show with this incredible retro-modern Harley-Davidson 1200 Sportster based Superbike named by Sam the “Ivory Comet”. This build began as a American sourced sow’s ear with a 1997 Harley Sportster XL1200 that donated its V-twin heart and frame, and not much else.

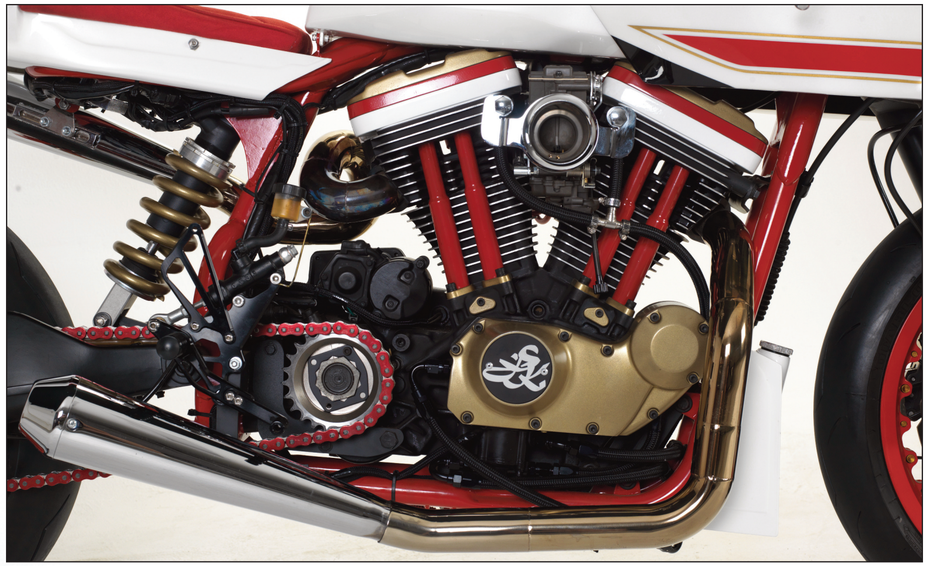

The V-twin donations continued from Italy in the build however, with Sam sorcing the Comet’s suspension from older Ducati Superbikes. The single sided rear swingarm, hub assembly, and front triple clamps came from a Ducati 916. The front forks from a Ducati 996, bolted up to and Brembo brakes and full-floater brake discs. We also like the beautiful Red anodized billet aluminum wheels.

Many of Sam’s special construction components include the hand laid fiberglass front fairing, fuel tank and rear seat cowling. Plus there’s a CNC billet aluminum gas cap, custom tail light and 7 projector headlight.

Ivory Comet is featured in the 2016 Iron & Lace Calendar with beautiful Czech Kittens Petra and Jitka. If you’d like Sam to build you a 2-wheeled rocket as nice as this Comet, you now know where to reach him:

Samuel Kao / JFK Custom Design
151 South 9th Avenue #U
La Puente, CA91746
www.JSKCustomDesign.com
www.Facebook.com/JSK.CD

More of Sam's incredible custom fabrication on Ivory Comet included mounting the Ducati Swingarm to the Sportster frame, the unique megaphone exhaust system, and CMC fabrication of the Black anodized alloy foot controls.

Ivory Comet is featured in the **2016 Iron & Lace Calendar** and the **Calendar Bike Garage** available at **www.FastDates.com**

Sara Horvath

Calendar Kitten

Birthday: 1/28/86
Home: Livingston, Montana
Eye color: brown
Hair color: blonde
Height: 5'9"
Weight: 107 lbs
Measurements: 32/24/34B

A professional Model / Actress / Singer Songwriter, Sara moved to Los Angeles in 2012 and signed with prestigious Next Model Management. One of her more recent and exciting modeling acting projects was being featured as a hot rod driving beauty, racing on the El Mirage Dry Lake bed in the latest ZZ Top music video 'I Gotsta Get Paid' found on YouTube.

Sara hails from the small town of Livingston Montana where she was born and raised in Big Sky Country surround by beautiful mountains and nature. Attending the University of Montana, Sara was a member of the Honors Society and graduated on the Dean's List with a BA Degree in Liberal Studies. While at the University Sara performed in the University Choir, participated in Volleyball and Music programs, and was a finalist in the Miss Montana Pageant. Following her University degree she went on to pursue a 2-year Masters of Nursing Degree from the College of Mount St. Joseph, MN.

Prior to moving to Los Angeles, Sara has been traveling and living across the United States as she took-in the world and explored her many career options in business, music and modeling. Right after graduating high school she back backed her way across Europe by herself. Prior to coming to Los Angeles spent a year in Nashville, TN, pursuing her music career and performing in legendary music venues like the Blue Bird Cafe featured in the TV Series "Nashville".

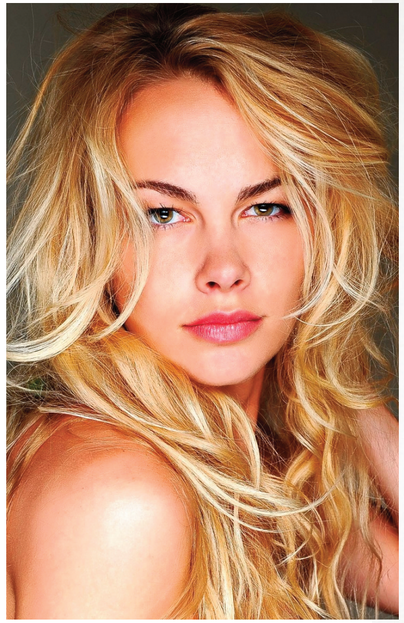

Photographer and writer Jim Gianatsis, producer of the popular FastDates.com Motorcycle PinUp Calendars, discovered Sara in 2013 and photographed her for all three editions of the 2015 Calendars: Fast Dates, Iron & Lace and Garage Girls. Sara also hosted and performed her original music at the 2013 LA Calendar Motorcycle Show.

Sara has returned to shoot with us a number of times in 2015 for the next 2017 Calendars. She joined us on our trip to Laguna Seca USA World Supebike in July 2015 to shoot the Fast dates World Superbike Calendar and to serve as one of our two official SBK World Superbike grid and podium girls. And she assisted us again at the 2015 LA Calendar Motorcycle Show, and then shot with the winning custom bikes for the 2017 Iron & Lace Calendar.

Above left to right: Beautiful Czech Republic SBK umbrella girls Petra Ruzinka and Jitka Pralinka hard at work on Pit Lane shooting with the factory Superbikes.

We Bring Czech SBK Calendar Kittens Jitka & Petra to Laguna Seca World Superbike and the LA Calendar Motorcycle Show

Fast Dates celebrates 20 years of SBK World Superbike in the USA with our Calendar Kittens

By Jim Gianatsis Photos by Jim Gianatsis, Massimo Oliana and Sabrina Mosca

California, USA, July 15-22nd 2014 -The FastDates.com Calendars and myself, producer / photographer Jim Gianatsis were excited to announce an agreement with SBK World Superbike and the international model agencies PetrasAngles.com and Umbrella-GirlsUSA.com to bring beautiful Czech Republic SBK grid girls Jitka Pralinka and Petra Ruzinka to the United States during July 2014 to work for SBK and shoot with me at the Mazda Raceway Laguna Seca United States SBK World and AMA National Superbike race weekend July 11-13th, and the LA Calendar Motorcycle Show in Malibu on July 20th.

Both these beautiful Czech mates were already official FastDates.com Calendar Kittens having shot for the Calendars with contributing Italian photographer Max Oliana at the 2012 and 2013 SBK rounds at Bruno and Silverstone for the current 2014 and 2015 Fast Dates World Superbike and Garage Girls PinUp Calendars. Now we would be shooting for the 2016 Calendars.

The Aliens have landed! After a 12 hour plane flight from Prague, Czech Republic, Petra (right) and Jitka (left) arrived at Los Angeles International Airport on the Wednesday before the Laguna Seca SBK race weekend where they were greeted by me and would spend the first night of their California visit at my house, before we loaded up the car to make the Thursday drive up the California Pacific Coast Highway 1 to Carmel and Monterey.

Two hours north of Los Angeles we made our first stop of the day at the quaint little fare and wine making town of Los Olivios. We walked around the town and visited the shops, art galleries and an old church, sampled wine at the Alta Maria Vineyards store, and had a wonder lunch on the front porch of my favorite restaurant there.

Our ride was my awesome 2002 BMW M3 which has been upgraded with Dinan engine mods, Brembo brakes, H&R race suspension and wide BBS race wheels running 255/35 and 285/35-18 Nitto rubber. Plus of course a Valentine One radar detector to watch out for the heavy California Highway Patrol radar on our high speed run.

It was 20 years ago in 1995 that SBK World Superbike first came to Laguna Seca, and as the Fast Dates Calendar producer I began working with WSBK producers Maurizio and Paolo Flammini. That first year I was excited to provide my beautiful FastDates.com Calendar Kittens, who would be at the track on race weekend to shoot with all the top factory World Superbikes, to also serve as the official SBK grid and podium girls on race day.

Stopping at Hearst Castle along Highway 1 in San Simeon to look at the African Zebras which run wild on the property. 1920's newspaper baron millionaire William Randolph Hurst built a huge castle home on that mountain top hidden in the clouds, and imported many native animals from Africa to run wild and breed on the huge property grounds. It's now a Stare Park.

ra ©FastDates.com World Superbike Calendar

Jitka and Petra are stunningly tall 6-foot 2-inch long legged, beautiful blond hair professional super models hail from Prague, the capital of the Czech Republic, and have been featured on SBK world TV race broadcasts and in the Fast Dates World Superbike Calendar the last 3 years. They stand at the front of the SBK World Superbike starting grid towering above the race bikes and riders in their uniforms with umbrellas to showcase SBK World Superbike, the Championship's title sponsors Pirelli Tires, Agip Fuels and Lubricants, and Alfa Romeo Automobiles. In their official uniforms with 6-inch heels on their platform boots, the show stopping beautiful blond super models can intimidate the bravest factory racers and experienced photographers!

After San Simeon, the Santa Lucia Mountain range pushes up to the edge of the Pacific Ocean and the Coast Highway rises up over a quarter of a mile above the ragged coastline. The result is the most beautiful highway drive in the world. This was Jitka's first trip to America, while it was Petra's 2nd California trip, her Czech boyfriend having surprised her with a California a road trip from San Francisco to Las Vegas to the Grand Canyon to San Diego, then Los Angeles and back up the coast to San Francisco just 6 weeks earlier. Here we stopped at an overlook where we got to fed ground squirrels and watch barking seals playing on the beach below.

Opposite page: Could there be two more adorerable Calendar Kittens! Petra and Jitka near Big Sur at our last picture stop on Highway 1 before arriving in Carmel / Monterey on Thursday evening. Driving the Pacific Coast Highway on a quiet weekday with very little traffic should be on everyone's bucket list.

This page: On Friday evening after Superbike Practice at Laguna Seca, and then again on Saturday after Superpole, it was time for us to get to work shooting with all the top factory World Superbikes for the next 2016 edition of the Fast Dates World Superbike Calendar.
s

Here and on the next page, the Kittens shoot with Jonathan Rea's Pata Honda CBR1000, Eugene Laverty's Voltcom Suzuki GSXR and Marco Melandri's factory Aprilia RSV4 which would win Race One on Sunday.

a Seca World Superbike 2014 © photo©Jim Gianatsis / FastDates.com

©FastDates.com Cal

Opposite page: The only rider in the World Superbike Paddock tall enough to match the Czech Kittens 6' 2" height was Leon Camier who was racing for the new MV Agusta team. During the Friday lunch break at the track the Kittens and I visit all the SBK team garages to give them a copy of the new Fast Dates Calendar photographed the previous year, and to remind them of the new Calendar shoot that evening.

Any team bikes that are torn down and not available to shoot on Friday, we have to try to reschedule them on Saturday, and sometimes even as rushed as race day on Sunday.

This year the team Ducati race bikes were always apart, when not on the track, and only available for 5 minutes on Sunday evening after the races, just before it was loaded into its air shipping container for return to Europe. That's why you see in or Calendar photo with Chaz Davies' Ducati 1199RS, Petra is wearing sweat cloths in preparation for our drive back to Los Angles just minutes after the picture was taken and the bike was rolled into its shipping container.

While shooting the Alstare Bimota bike, rider Ayrton Badovini and the team mechanics joined Jitka and Petra for this team photo. Diminutive mechanic Shariffo seems to be all hands every time he gets next to Petra and gets a playful scolding.

It was so easy and fun to work with these girls, they knew how to pose and didn't need direction, they weren't freaked out by all the people and photographers around us during the shooting. They always had a great attitude. Quite a change from many of American models I've worked with at past Fast Dates track shots who had attitudes, were freaked out by all the onlookers and annoying photographers try to get in on our shoot without permission., And there have some models over the years who actually would break down in tears and walk away in the middle of the shoot. The Czech girls were just incredible.

Following the Laguna Seca WSBK weekend, the two Czech super models were invited to stay at my home in Los Angeles the ten days where I played tour guide for them at the city's most exciting tourist spots, and found a little time for additional Calendar shoots in my studio.

Then the next weekend they appeared at my 23rd annual 2014 LA Calendar Motorcycle Show & Concourse on Sunday July 20th, held this year at the Malibu Golf Course. The Calendar Motorcycle Show continues its tradition as the premier outdoor streetbike event in America with the Calendar Bike Building Championship & Concourse d' Elegance, top Celebrity Custom Builders, selected Vendors and Exhibitors, and the Calendar Girl Music Show. The Show always kicks off the world premier of next year's new 2015 FastDates.com Motorcycle PinUp Calendars featuring the world's top road race and custom motorcycles with the beautiful Calendar Kittens featured in the Calendars in attendance at the Show.

2014 was a strange transitional year in World Superbike. Reigning Champion Tom Sykes / Kawasaki struggled with their title winning package, and the factory Aprilias of Sylvian Guintoli and Marco Melandri (top left) were the top winners. Guintoli would take the 2014 Cham[Championship over the team's number one rider Melandri. Their reward was for Aprila to close down its factory team and force Melandri to move with them to MotoGP for 2015.

Left without a ride in 2015, new champ Guintoli (lower left) was left without a ride and chose to take Jonathan Rea's (near left) vacated seat at Ten Kate Pata Honda which would prove to be a mistake. Rea would go to Kawasaki as Sykes' teammate and would dominate the 2015 Championship.

Ducati returned to World Superbike in 2014 with a full factory team, but needed the year to develop the Panigale 1199R with riders Chaz Davies (upper right) and Davide Davide Davide Giugliano (lower right with 4-time champ Carl Fogarty), coming back strong in 2015 with a race winning package.

THE PRETTY RECKLESS

Taylor Momsen Rocks Our World!

Sweet little Jennie on TV's Gossip Girl has traded-in her uptown preppie schoolgirl uniform and math books to emerge as the sexist, hottest most kick-ass girl led rock band on earth. Taylor Momsen took her band on world and national tour at just 17 years old, shocking everyone by sharing a tour buss with her 40 year old guy band mates and co-song writers, and performing on stage in her underwear. But just in case you think you might have a chance with this long legged beauty, she came out last year saying she preferred girls. We sorta figured that out when last year, now just 18 years old, her girl friend, porn star Jenna Haze, started coming out on stage during Taylor's shows and pretends going down on her, giving her oral sex. But Taylor is more than just beautiful, sexy, and horny, she's also one of the best female rock singers today, with some incredible orignal music that rivals the Wilson sisters of Heart. Check out The Pretty Reckless Music Videos on line and order their three albums: The Pretty Reckless, Light Me Up, and the latest Going to Hell.

Sylvain Guintoli / Aprilia
2014 SBK World Superbike Champion

The 2014 SBK World Superbike Championship was an incredibly exciting battle all season long between reigning 2013 Champion Tom Sykes / Kawasaki, Jonathan Rea / Honda, plus Aprilia's Marco Melandri and Sylvain Guintoli. The next to last race at Magny-Cours saw Kawasaki's Loris Baz and Melandri have to obey team orders to let their team mates past to gain value points for the series final race showdown at Qatar, where the Frenchman Guintoli beat Melandri for the 2014 World Superbike Championship.**www.WorldSBK.com**

Left: Sykes, Guintoli , Melandri enjoy post race interviews. Below: Petra and Jitka award Sykes for his Superpole win at Laguna Seca

Shooting the 2016 Fast Dates World Superbike Calendar

The previous two years our associate photographer **Max Oliana** got to shoot our beautiful Czech Fast Dates Calendar Kittens and official SBK umbrella girls **Jitka Pralinka** and **Petra Ruzickova** at the European World Super rounds. But for the 2016 Fast Dates Calendars, I wanted it to be my turn to meet and shoot these beautiful Kittens with all the factory bikes at the 2014 World Superbike round at Mazda Raceway Laguna Seca. I contacted SBK Marketing Director Francesco Valentino and made arrangements to fly the Czech Kittens to Los Angles to shoot and stay with me for 2 weeks. They worked both the Laguna Seca WSBK race as the official SBK podium girls both days and shot with me for the Calendar, worked our LA Calendar Motorcycle Show the following weekend and shot with the winning bikes there, and in between time I had the pleasure of showing them around California in their first ever visit to America. We became great friends during their stay with me. - *Jim Gianatsis*

Calendar Kittens Hannah and Jessica kick-off the return of SBK World Superbike to Laguna Seca Raceway in America with a shoot of Aydan Baldovini's Alstare Ducati 1199RS13 Superbike.

Official Fast Dates SBK World Superbike Umbrella Girls Jitka and Petra from the Czech Republic sneak into the AMA Superbike pits to play with Martin Cardenas Yoshimura Suzuki GSXR1000.

1 Jim Gianatsis' Birthday
12 Mardi Gras
14 Valentine's Day
15 George Washington's Birthday / President's Day USA

Beautiful 6 foot 2 inch tall SBK World Superbike Umbrella Girls Jitka and Petra are from Prague, Czech Republic, and highlight the starting grid at most SBK European races.

Newly signed Aprilia factory rider Marco Melandri (33) got off to a slow start at the beginning of the 2014 Superbike Championship as he improved setup and learned the Aprilia RSX4, then half way through the year he started winning races. His team mate Sylvain Guintoli (50) had better season long finishes, so Marco had to concede a race win to Sylvain at the penultimate Magny-Cours round in hopes Sylvain could catch Kawasaki's Tom Sykes for the Rider's Championship.

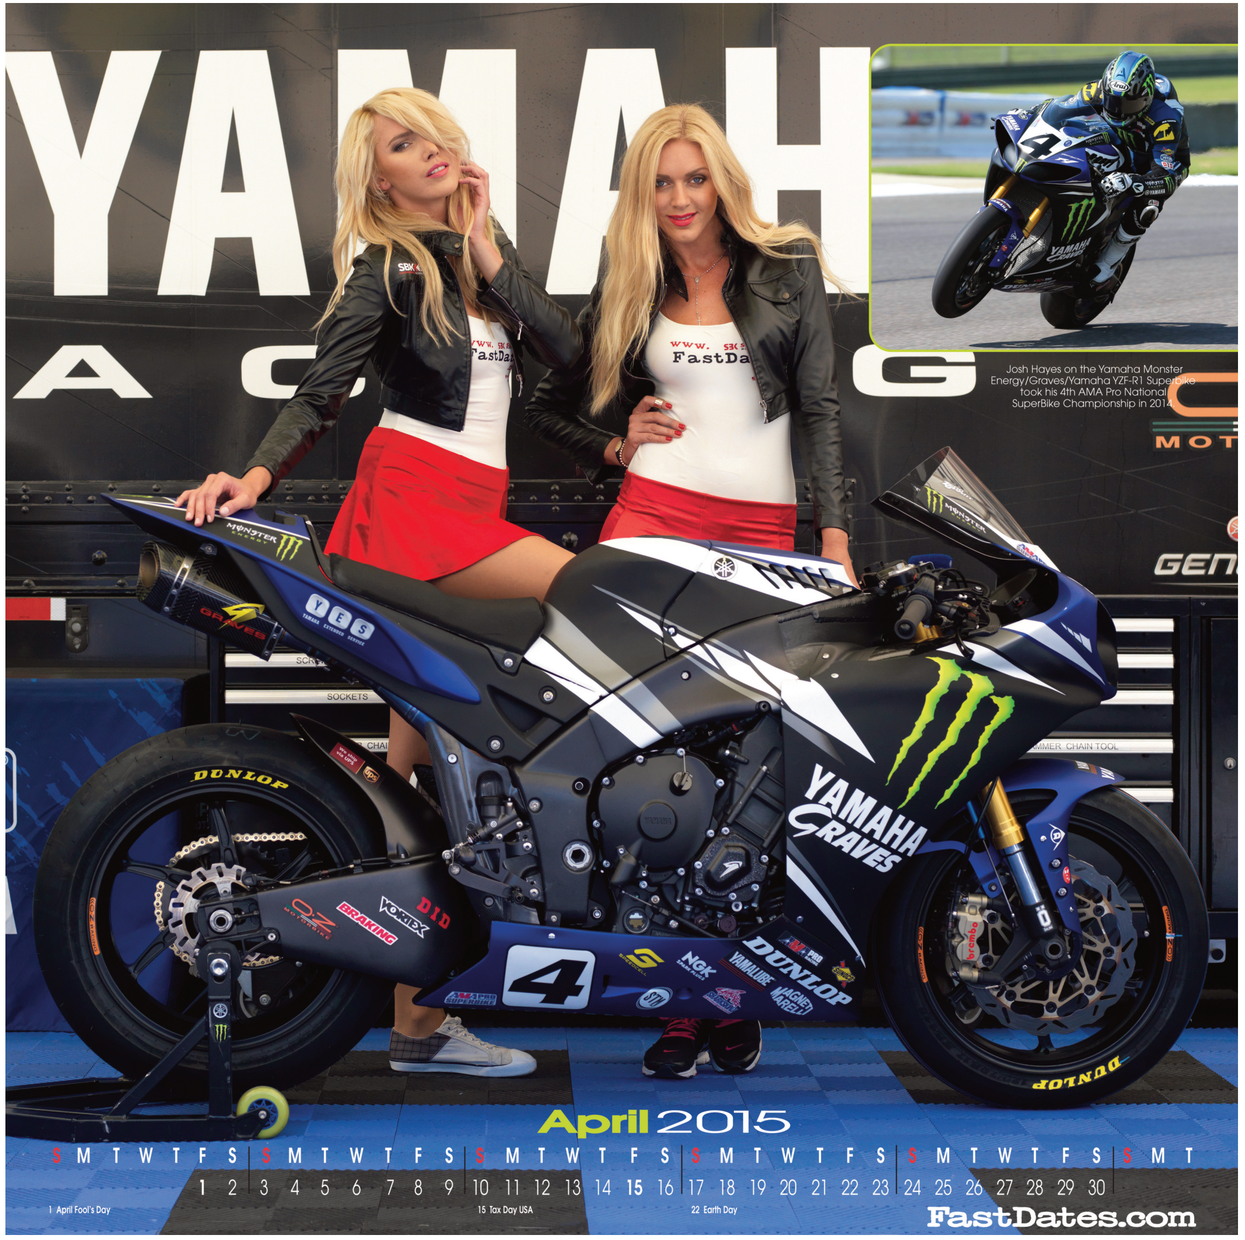

Aprilia's move to MotoGP in 2015 required that Marco return to MotoGP with them as well, though he wanted to stay in World Superbike with a proven winning bike.

Always on the race track being ridden, or pulled apart in the team garages, our only chance to shoot a factory Ducati at Laguna Seca WSBK was late on Sunday just as they were being crated up by the team to fly to the next weekend's World Superbike round at Jerez, Spain. Petra ran over quickly in her Laguna Seca sweatshirt to pose with Chazy Davies factory Ducati 1199 RS14.

2014 was a historic year in World Superbike with the entry of the Hero EBR 1190cc V-Twin into the Championship in the hands of riders Aaron Yates (20) and Geoff May (99). It was expected to be a development year for the bikes and it was as they proved to be down on both power and reliability, and the tracks were new to the riders. For the 2015 race season with the move towards more production based EVO spec engines the Hero EBRs should fare better.

Mule Tracker

a tribute to James Dean's Porche Speedster

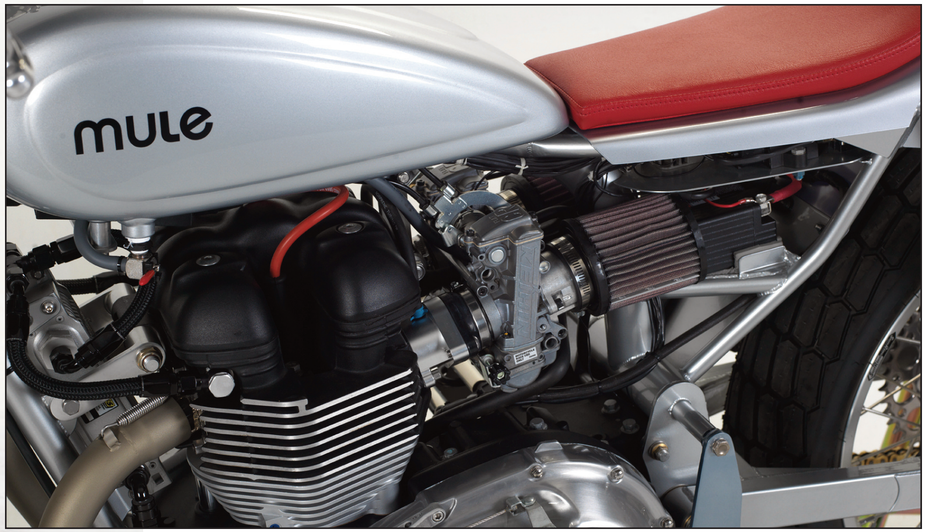

Nick Named Ivan the Terrible by builder Richard Pollock / Mule Motorcycles
Model Lindsay Hancock • words and photography by Jim Gianatsis

Fast Dates Calendar shoot with builder Richard Pollock
ends this Calendar Shoot with 12 Stitches in his leg, and a Quail Motorcycle Gathering
Show Win and a tribute to movie legend James Dean

Congratulations to Richard for taking 1st Place Custom at the 2014 Quail Motorcycle Gathering in Monterey, California, with "Ivan the Terrible". Richard's winning bike was one of his renown Triumph Street Trackers with a James Dean Porche 550 Speedster styling theme that was built on consignment for wealthy Russian motorsports enthusiast Konstantin Drozdov.

The day before driving up to the Quail Motorcycle Gathering, Richard stopped by the FastDates.com Calendar studios so I could photograph both Ivan, and its more conservative new stable mate, a sweet little Red/Black Triumph Bonneville. Our model for the shoot was sexy new Calendar Kitten Lindsay Hancock who had the attributes to take on any wild beast.

Richard nicknamed this Calendar Bike "Ivan the Terrible" in tribute its Russian owner and the fact it was one of the most potent Triumph Twins he'd ever built, putting out 96 dynoed horsepower in its lightened 340 pound chassis. Stock Triumph Twins put out just 64hp and weight nearly 100 pounds more.

That and when he unloaded it at our studio for its shoot, he fired it up to ride up the driveway, where th potent beast got the best of him. Gassing the Tracker hard up the inclined driveway, it reared up on the back wheel at a side angle and then got into a tank slapper as it came back down, throwing Richard off the

side of where the cylinder fins put a huge bloody gash in his knee. Luckily they never crashed, but the wound require a quick trip to the Emergency Room where in took 12 stitches to put Richard back together again. "Ivan" was indeed "Terrible".

Driving back home to Southern California from his class win at the Quail Motorcycle Gathering , Richard stopped with the Porche 550 Spyder themed bike Ivan at the James Dean Memorial Junction of Highways 41 and 46 in the San Joaquin Valley where James Dean was killed in his Porche 550 Speedster back on September 30, 1955. - *Jim Gianatsis*

Kelsey & Jessica shoot for the Fast Dates Calendars

Click on the YouTube.com
Video window.

Here's a special treat for our FastDates.com Calendar fans - a behind the scenes look at a new Calendar shoot with beautiful Southern California models Kelsey Sliwinski (brunette) and Jessica Harbour (blond) for the next 2015 FastDates.com Calendars. Both these girls love motorsports and you'll find them working at bikes shows, races, and serving as official spokesmodels for companies like Ducati and Monster Energy Drinks.

I photographed Kelsey and Jessica at our Gianatsis Design studio wearing sexy lingerie with cute props including a teddy bear and a box of Click on the YouTube.com Video window below:Valentine's candy, and my personal Ducati 1199RS and a Vespa 150cc.
These newest Calendar Kittens were great to work with.
Enjoy! - *Jim Gianatsis*

Bimota SB3 World Superbike

SBK FastDates World Superbike Kitten Petra with Ayrton Badovini's 2014 Bimota SB3 World Superbike.

Alstare Bimota SB3 World Superbike 2014 • photography by Jim Gianatsis

SBK Fast Dates Calendar Kitten Petra poses with Ayrton Badovini's exotic billet aluminum framed Alstare Bimota World Superbike powered by BMW's potent S1000RR Superbike engine. The EVO class Alstare Bimota's Ayrton Badovini and Christian Iddon had to stop racing the Bimota BB3 EVO mid-way through the 2014 season because the factory failed to build enough production bikes for homologation. It was hoped they would return for 2015 after racing the required production number of 500 bikes, but for th 2016 race season, with the new EVO spec homologation rules now requiring 1000 bikes, that number of bikes could not be built and sold.
- Jim Gianatsis

The Patrick Bata Team Alstare Bimota SB3 features a highly competitive BMW 1000RR motor with factory race specs, housed in Bimota's unique billet aluminum and steel tube trellis frame, with a double sided swingarm. It was certainly one of the most beautiful bikes in the World Superbike paddock. A production Bimota would make an excellent addition to any Superbike enthusiast's collection.

We were very disappointed that Dorna, the owner's of SBK World Superbike Championship, would not make an exception for speciality builders like Bimota, who used other manufacturer's approved production engines, not have a lower homologation number to race. In previous years when by the Flammini Group, homologation numbers were a lower 200 motorcycles per year like the Fogarty Petronas. It would certainly increase the number of bikes on the grid, and it would have allowed popular team owner Alstare to remain in the Series.

"The only protection I rely on...."
